

BOARD MEMBER DEVELOPMENT OPPORTUNITIES

The School Board places a high priority on the importance of a planned and continuing program of inservice education for its members. The central purpose of the program is to enhance the quality and effectiveness of public school governance in our community. The Board will attempt to plan specific inservice activities designed to assist Board members in their efforts to improve their skills as members of a policymaking body; to expand their knowledge about trends, issues, and new ideas affecting the continued welfare of our local schools; and to deepen their insights into the nature of leadership in a modern democratic society.

Funds shall be budgeted annually to support the program. Individual Board members shall be reimbursed for out-of-pocket costs incurred through participation in approved activities. The Board as a whole shall retain the authority to approve or disapprove the reimbursement of members for participation in planned activities.

The Board regards the following as the kinds of activities and services appropriate for implementing this policy:

1. Participation in School Board conferences, workshops, and conventions held by the state and national school board associations.
2. District-sponsored training sessions for Board members.
3. Subscriptions to publications addressed to the concerns of Board members.

When a conference, convention, or workshop is not attended by the full Board, those who do participate will be requested to share information, recommendations, and materials acquired at the meeting.
